Haji Anfar Ali College

## *Principal's Welcome*

Doboka College, renamed as Haji Anfar Ali College in 1991, established in June 1986, with its own distinct identity and tradition has been serving as the tower of learning for hundreds of youths for a better tomorrow. The College has emerged as a leading centre for teaching and learning in the field of higher education in South-eastern part of undivided Nagaon district of Assam.

I am happy to note that the college has clear and proper mission and vision-- great teaching combined with a strong focus on students' aspirations, achievement and personal development-- and is constantly equipping the college to attain the vision and mission of the college. I encourage all students to take advantage of the opportunities provided by the college and involve themselves in all the extra- curricular activities that are offered. ## 2. BRIEF HISTORY:

Haji Anfar Ali College, the premier seat of higher learning was put on a firm foundation in the mid 80s of the twentieth century at Daboka, the newly formed Hojai District in Assam. It is an irony that even after the passage of four decades of independence, there had been no institution of higher learning until 1986 in such a place of historical significance. Though late, the thought of setting up an institution of higher education took shape in the minds of the intelligentsia and Haji Anfar Ali College is the ultimate fruition of the hopes and aspirations of the people at large of this area. Formerly known as 'Daboka College', the institution was formally initiated with a few students in the TDC classes in the year 1986 with due permission from the Gauhati University. The first building of the college was donated by the famous Anfar family of Hojai. In kind consideration to the long-felt need of a college and paying tribute to their generosity, the sponsoring body of the college renamed it as 'Haji Anfar Ali College' after the name of their heavenly father.

The philanthropic donors of Anfar family have never turned a blind eye to the needs of the college. They contributed a handsome amount for the construction of a central library cum administrative building of the college. Acknowledging their generous contribution, the college authority also named the two blocks of the building after the names of their mothers as Sam-sun Nehar Begum Library and Juhra Begum Administrative Block. However, the college has built up a New Administrative Building with the grants offered by the State Govt. capacitating in it the office of the Principal and the different Departments and classrooms.

Haji Anfar Ali College, Doboka was granted recognition by the University Grants Commission under section 2(f) and 12(B) of the UGC Act, 1956 in the year 2009

and since then the college has been getting financial assistance from UGC under its different schemes such as Indoor Stadium, UGC Network Resource Centre, Extension of Classrooms, Computer lab etc. and of late a Women's Hostel with Warden's Quarter.

The College has been consistently maintaining high academic standards and good institutional social responsibilities. The college is permanently affiliated to the Gauhati University, Assam and it had gone for the NAAC assessment and accredited with a prestigious C++ Grade in the year 2005 for the first time. The IQAC of the college has been taking initiatives for accreditation measure to carry out and implement the initiatives and responsibilities of the college. The IQAC has been acting effectively in compliance with the recommendations of the Peer Team, NAAC in implementing the diverse quality enhancing measures during the Post-accreditation period and thus brought the institution to the stage for 2nd Cycle of Assessment and Accreditation by the NAAC. In that stage of assessment, the college is able to achieve a prestigious grade "B" from NAAC, Bengaluru in 2016. This grade is the outcome of the collective and continuous efforts of the stakeholders of the college. Now we are working hard for the future course of actions planned by the IQAC of the college to make it an ideal institution in the field of higher education.
